Dinner Meeting for March

March 28, 2017 Dinner Meeting

Reno Rodeo Foundation: Supporting the Community:

The Reno Rodeo Foundation is committed to enhancing and enriching the lives of Northern Nevada families by aiding children with extraordinary needs, building community partnerships, providing grants and scholarships to eligible Northern Nevada high school graduates. As General Manager of the Reno Rodeo Association, George is involved in multiple foundation projects in addition to putting on the annual Reno Rodeo, "The Wildest, Richest Rodeo in the West." He will tell us about what goes into running all these multiple projects in support for Reno and the surrounding areas.

Location: Twisted Fork Restaurant

We Are Teaching Project Management to Non-Profits

In an effort to give back to Nevada communities, PMI-NNV members are delivering very affordable PM Overview training to Nonprofits. In the past 9 months, we've taught more than 120 northern Nevada nonprofit employees and facilitated the training of an additional 23 in southern Nevada. Attendees represent a variety of social service and health care nonprofits.

The nonprofit initiative fostered by PMI Education Foundation (PMIEF) encourages individual chapters to provide training specific to nonprofits in their region at little or no cost. Last June, Sue Churchill, PMP and PMI-NNV co-founder, and Cheryl

Allen, PMP and current PMI-NNV Program Chair, expanded PMIEF course materials to provide attendees with resource workbooks covering key PM concepts, methodology, tools and templates useful for small and large nonprofit agencies. Both Sue and Cheryl teach the classes, with Lisa Bausell, PMP and PMI-NNV's VP of Professional Services, and instructor Laurie Landfried Schroeder, PMP, ready to teach them as well. In addition, Swadha Rath, Ricki Henry and Cheryl Anderson teach our course through PMI Southern Nevada chapter.

To date, most of the classes have been arranged through two organizations - ANN, Association of Nevada Nonprofits, and Renown's nonprofit health organization, to achieve the desired minimum class size of 10 participants. In addition, a few open-enrollment classes were conducted last fall.

Participants engage readily in discussions, walking through charter creation and a myriad of planning activities for a nonprofit project. Comments range from appreciating the scope of project management functions to defining specific vocabulary to projecting ways to use individual tools and templates. Particularly popular are the RACI chart, risk management formula and lessons learned templates.

Going forward, the chapter plans to offer nonprofit training to meet regional needs. That means continuing to provide the 3-hour Project Management Overview, as well as a 7-hour class and potentially a 2-day class. The overview class is aimed at those new to project management and team members and stakeholders wanting to learn more concepts, vocabulary and methodology to work more closely with PMPs. The 7-hour class could be divided into two sessions but would be aimed at uncertified functioning PMs and those seeking to become project managers. The longer 2-day class would focus on larger nonprofit projects and those interested in seeking PM credentials.

If you are interested in nonprofit PM training, please contact Sue Churchill at church_s@nvbell.net.

Businesses are challenged to stay ahead of the latest trends and competitive developments while building a responsive and agile IT capability to support growth. However, since everyone has access to the same tools, technology alone does not offer a competitive advantage. Your advantage depends on how you apply technology—more specifically, on the people who lead, support and optimize your IT initiatives.

TEKSYSTEMS | is a subsidiary of Allegis Group, the largest private talent management firm in the world. Our longstanding history and industry-leading position speak to our success in providing the IT staffing solutions, IT services and talent management insight required for you to actualize ROI and sustain a truly competitive advantage in a fast-changing market.
